

Profile and investment policy

The GFH European Bond Transition Fund (GFH Europees Vastrentend Transitiefonds; "Fund") is particularly suitable for private investors with an investment horizon of at least ten (10) to fifteen (15) years, with the desire to obtain higher returns than what savings deposits offer, while keeping the risks limited. The objective of The Fund is to invest in financial instruments, but without the specific risks of investing in equities. The Fund has an average target return of 4% per year. The Fund invests primarily in investment grade bonds, fixed income alternative investments and liquidities. The investments in bonds and similar instruments are spread over at least 10 individual financial instruments. The Fund mainly invests in European issuers with a distribution over various risk factors. In addition, The Fund may invest in alternative (fixed income) investments, such as through other
